Description & Key Benefits

SUNDEK offers 24 SunDye colors ranging from rich earth tones to vibrant, vivid color. SunDye is a translucent, UV stable dye, formulated using a color that is designed to penetrate interior and exterior cementitious surfaces. These fast and affordable dyes are water soluble and can be used with our SUNDEK overlay systems as well as a stand-alone coloring system on existing, plain, or stamped concrete.

Common Applications

- Decks & Patios
- Walkways & Driveways
- Casinos & Sports Facilities
- Basements & Living Spaces
- Malls & Retail Locations
- Restaurants
