

SunColor

Acrylic Finish Color Coat

This design consisted of 14 custom colors, 400 stars, 6 star constellations, 3 template trees, 4 colors to hand applied to add dimension to the grass area & a 4 color template moon. Installed by Bullion Coatings - Houston, Texas.

SUNDEK SunColor is a water-based acrylic finish coat that can be applied over bare or textured concrete and various types of decorative concrete surfaces to give it a fresh new look.

SunColor properties make it durable and easy to maintain saving you time and money now and for years to come.
