

Acrylic Spray Texture Coating

You stand on it.

SunSplash is similar to SUNDEK’s Classic Texture system, except this spray coating is not “knocked down,” creating an orange peel-like texture. It is an affordable solution to transform plain, damaged, or worn out concrete without tearing it out.

SunSplash provides a safe, functional, durable, and attractive coating. With a wide range of colors and design effects, you can get a custom coating that compliments and enhances the surroundings.

We stand behind it.

SUNSPASH
