

## You stand on it.

Plain, gray concrete doesn't have to stay that way. With a thin decorative coating, SunStamp creates the look of stamped concrete without needing to tear out and repour the concrete.

Stamp mats with a variety of textures are used to craft your desired design. From stone to wood plank, the coating can replicate other materials while remaining as durable as concrete.

From inviting front entrances, to resort-like pool decks, this overlay system is extremely versatile.

We stand behind it.

## SUNDEK's SunStamp

is a versatile overlay that creates a work of art over your plain concrete.

Your surface will be a one-of-a-kind design that shows off your personal style. Replicate or compliment other materials but keep the durability of concrete. It is not only gorgeous to look at, but is a comfortable, safe surface to walk on.

## BENEFITS

- Get the look of stone, wood, brick, and more
- Infinite combination of patterns and colors available
- Stamped pattern without needing to tear out existing concrete
- Coloring options to compliment surroundings
- Durable, maintenance friendly, and comfortable textured coating
