

SunStone

FEATURES & BENEFITS

DESCRIPTION

SunStone is the ultimate architectural limestone concrete coating. A product so unique, it can be applied over a wide array of surfaces: concrete, brick, walls, foam, sheet rock, cinder block, hardy board, stucco, pre-cast moldings, and much more... transforming ordinary surfaces into something exquisite! Optional, hand-carved designs include travertine, flagstone, slate, tile, or a custom design.

SunStone is installed by Sundek trained artisans using a trowel over the existing surface. Custom designs are hand carved by the skilled crew.
