Description & Key Benefits:

SUNDEK offers 20 SunDye Exterior colors ranging from rich earth tones to vibrant, vivid color. SunDye Exterior is a translucent, UV stable dye, formulated using color that is designed to penetrate exterior and interior cementitious surfaces. These fast & affordable dyes are solvent soluble and can be used with our **SUNDEK** overlay systems as well as a stand alone coloring system on existing, plain, or stamped concrete.

Common Applications:

- Pool Decks
- Outdoor Patios
- Walkways
- Driveways
- Outdoor Retail Locations
- Exterior Walls
- Existing Stamped Concrete
